BACKGROUND DISCUSSION:

The 5600 West Roadway Reconstruction from 6200 South to 7000 South is scheduled to begin in November 2014. In order to accommodate the reconstruction, intersections that are scheduled to be closed have been identified for a 30, 60 or 90 day duration as shown on the attached map. The alternate accesses have also been identified. Clarifying the time frames allowed will help control costs during the bidding process, which is fast approaching.

The road closures on the east side of 5600 West are:

- Ticklegrass Road
- Saguaro Drive
- 6600 South
- Lilac Ave
- Balsa Ave

These closures would be for 30 days only, and would alternate (no two adjacent streets would be closed simultaneously). Ticklegrass Road, 6600 South and Balsa Ave will be closed at the same time for approximately 30 days, leaving Saguaro Drive and Lilac Ave as access points. Saguaro Drive and Lilac Ave will be closed for approximately 30 days, leaving Ticklegrass Road, 6600 South and Balsa Ave as access points. By alternating the closure to an every other side street, it will keep accesses open for residents and not be an undue burden.

There is also one closure on the west side of 5600 West;

- 6665 South

This closure would be for at least 60 days, but could go as much as 90 days due to unforeseen construction delays (third party utilities) and weather delays. Alternate access points for 6665 South are located at 5785 West and Adventure Way.
